How to Change Your Face

(From Fashion Review)

The painful, dangerous and expensive operation known as "face-peeling" is sought. One can gradually and safely remove the old and unbeautiful cuticle from her face without pain, danger or detention indoors. Simply use ordinary mercolized wax, which can be obtain at any drug store. Apply it for a few nights like cold cream and wash it off each morning. The mercolide in the wax slowly absorbs the half-dead outer skin which flakes off day by day in fine, invis ible particles. The fresh young skin underneath soon blooms forth radiantly. making the face look years younger and much prettier. Employment of this proc-ess is not noticeable to others, except that your complexion improves rapidly Of course, the removal of the surface skin in this pleasant manner takes with it all facial blemishes such as chaps, freckles, moth patches, liver spots, fine wrinkles, pimples, etc. Mercolized wax has been known for years to many ety women noted for their beautiful and lasting completions.

"I took a drink of whiskey at the Vermilya home and later I was seized with pains and became deathly sick," said a brother of the policeman.

While Mrs. Vermilya was being arrested and arraigned for the murder of Patrolman Bissonette Coroner Hoffman divulged an affidavit made by Miss Elizabeth Nolan in which she declares it to be her belief that Mrs. Vermilya fed poison to her own son. Miss No an, who was engaged to Brinkamp at the time of his death, describes in detail the death of her sweetheart and also the death of Frank T. Smith, a boarder at the Vermilya home. The Coroner has ordered the body of Smith exhumed.

The arraignment of Mrs. Vermilya in the arraignment of Mrs. Vermilya in the "flat of mystery" was one of the most dramatic scenes in the case.
